### **About Us**

**Perfect Rays Infra** is a company founded and established by group of professionals who have very rich experience in Solar Project Installation, Commissioning & Testing, Operation & Maintenance activities in Solar Power Plant.

Our objective is to deliver comprehensive solutions for all solar power projects throughout India, adhering to defined timelines and ensuring superior quality assurance. By cultivating strong market relationships and delivering highly satisfactory services.

Our strengths encompass cost-effective planning, punctual project delivery, streamlined project execution, adept performance under high-pressure scenarios, on-time task completion, and the delivery of top-notch quality work.

Perfect Rays is a group of experienced and committed team delivering all round services to solar power plant developers from inception to commissioning stage with operation and maintenance services. Our aim is to achieve a global recognition in the field of Solar Projects. As per our name we are providing Better service within a proper time frame and with a better-quality assurance. Building market relations and providing satisfactory services embossed Perfect Rays Infra with the mark of success.

### Management: Mr. Balwan Choudhary, Managing Director

Mr. Balwan Choudhary has been associated with solar industry for over 14 years. He is adynamic and dedicated personality. This is his vision and hard work that Perfect Rays has achieved this success and goal. This company is fastest growing company because of him. He believes in providing best service to customers and make them happy. Under his leadership this company has achieved all the goals. He has successfully executed large number of solar power projects in commercial industry. He also believes in teamwork and make sure all the teams are doing their best.

He has proven track record of successfully managing a company. Also having excellent leadership, communication and organisational skills. He can successfully build and manage a diverse group of employees, achieve company growth projections and targets in a dynamic and competitive environment, manage operations and adapt processes within time and budgets.

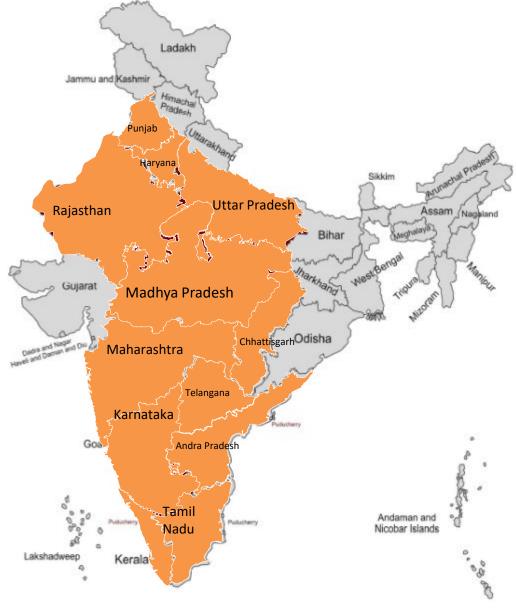

Mr. Balwan is strong team leader with a pragmatic approach in getting the best out of your talent. He always build and nurture trust with teams, customers and external suppliers.

Perfect Rays Infra
